Contains sulphites

Alcohol content
13.5%

Character

This golden, fresh and harmonious white wine is enchanting with its fruity aromas of lemon, mandarin, apple and pear. It has a hint of the exotic notes of banana, peach and vanilla. On the palate there are very fine mineral notes, too, while a full, long-lasting body and powerful aroma provide the perfect finish.

Wine type

Lingering wines

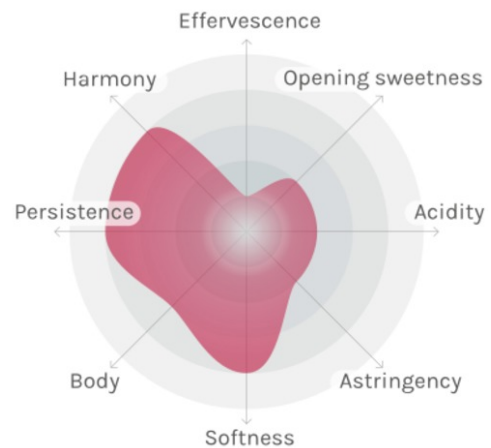

Sweeter wines

Producer

Tosone

If you enjoy Tosone, you won't be able to resist the Sicilian attitude to life and the brightest colours of Sicily: the yellow of saffron, lemons and the scorching sun, the red of tomatoes and blood oranges, the blue of the sky and the sea, the green of the famous artichokes from Ramacca - this is Sicily. Italy's largest wine region is an island rich in contrasts in terms of its landscape, too: lush and barren, splendid and run-down, hot and cool - this is how diverse the homeland of Tosone is. The wines of Tosone likewise create harmony out of contrasts. Elegant without being obtrusive, full and aromatic, Tosone offers a multitude of small revelations. This has also been recognised by renowned wine critic Luca Maroni, who has awarded these wines a number of outstanding distinctions.

Foodpairing
