Château la Favière

Château La Favière presents great, ready-to-drink, Bordeaux wines, with a full body and elegance, which tingle the senses with their harmony. In Saint-Surin sur l'Isle in the Saint-Emilion area the typical grape varieties Merlot, Cabernet Franc and Cabernet Sauvignon grow. The soil is a mixture of sand and gravel, with a layer of clay in the ground, and thanks to climatic influences from the nearby Atlantic Ocean the grapes can ripen perfectly.
