Character

A very rich garnet-red wine with the enchanting complex aromas of dark berries, cherry and a wonderful note of vanilla. These are accompanied by dimensions of liquorice, a touch of dried fruit and chocolate. The fruity freshness is borne on a very soft full body, rounded off by a harmonious, long finish.

Locos por el Vino

When top-class winegrowers join forces, the results are impressive. Like the wonderful wines of Locos Por El Vino (?crazy about wine?), whose vines grow in young, new vineyards at the very best sites and are refined by their makers to great a fruity yet complex taste that is both modern and elegant. Locos Por El Vino is another project by two producers of the very finest Alto Moncayo wines - Chris Ringland and José Miguel San Martín.
