Since The Loco-motion stormed the charts in 1987, Kylie Minogue has sold over 80 million albums, achieved 34 top ten placings and 7 number one hits. In 2020, the pop princess wanted to break new ground with the launch of Kylie Minogue Wines, which was well received worldwide and even made Kylie Minogue Wines the best-selling rosé brand in the UK within a very short time. Each wine is masterfully selected for fruit, intensity and quality and bears Kylie's personal signature. In just four years, the lifestyle brand has achieved astonishing success with a unique portfolio - from glamorous Prosecco to non-alcoholic Sparkling and elegant Côtes de Provence.
